

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

THE DRAMATIC INDEX 1909-1920

Volumes I-II

The only complete record of the stage in America and England, as shown by the periodical press of the past decade.

An index to all dramatic articles and illustrations. A record of production, of who's who on the stage. A portrait-index to actors, actresses and playwrights.

The entire set of 12 volumes is still in print and may be had at a special reduced price.

THE BULLETIN OF BIBLIOGRAPHY

Contains a continuation of the
DRAMATIC INDEX

THE F. W. FAXON CO., Back Bay, Boston, Mass.

PREFACE

TO DRAMATIC INDEX, 1920.

There are now twelve annual volumes of THE DRAMATIC INDEX, and such an index to Contemporary Drama, and modern actors, actresses, playwrights has never before been available.

The series, of which this 1920 volume is now available, furnishes a key to practically every phase of the Drama—a portrait index also to every player of any prominence on stage or screen during the last fifteen years.

Drama League Monthly ceased publication and is replaced by *The Drama*, monthly, a continuation of *Drama* (quarterly) of which nine volumes were issued. *New York Dramatic News* has been dropped as not lending itself to the sort of indexing our INDEX covers.

The New York Clipper and *Photoplay Magazine* have been added this year by request of librarians. *New World*, London, a new monthly containing valuable material on the stage has been added.

• It should be understood that many periodicals are covered for dramatic material which are not mentioned in the list at the beginning of this book.

Although many dramatic books and plays are included in the body of THE DRAMATIC INDEX, with periodical articles, these, and many others are also listed separately in THE APPENDIX at the end of the volume.

F. W. F.

Boston, September, 1921.

THE DRAMATIC INDEX, 1920

COLLABORATORS.

Frederick W. Faxon (editor), 83 Francis Street, Boston.

THE DRAMATIC INDEX, 1920

EXPLANATORY.

Inclusive pages of articles indexed are given. If less than a page, the fraction ($\frac{1}{8}$), ($\frac{1}{3}$), ($\frac{1}{2}$), ($\frac{2}{3}$) are used after the page to give an approximate idea of length. The volume, month and year are given for each reference. Where month and year are given preceding the pages, it indicates that each issue of that periodical pages from page 1.

"il." means illustrated. "por.," "pors.," means article with portrait or portraits. "Portrait" means portrait only, no article. "Portrait (in group)" or "por. (in group)" indicates that one or more other persons appear in the picture. Scenes and acts from plays may be either illustrations or texts and are distinguished by adding in parenthesis (picture), or (text).

A colon after an initial designates the most usual given name, as A: Augustus; B: Benjamin; C: Charles; D: David; E: Edward; F: Frederick; G: George; H: Henry; I: Isaac; J: John; L: Louis; N: Nicholas; P: Peter; R: Richard; S: Samuel; T: Thomas; W: William.

Where books are included the Library of Congress card number is given when possible, and a separate record of books will be found in the appendix.
